FOR IMMEDIATE RELEASE

KITS SAVE LIVES!

Heartfelt thanks to everyone involved in the birthing kit assembly day on 7 September. Over 40 people gathered at All Saints Uniting Church in Floreat to assemble 1000 kits. These will be sent to assist women in remote regions of the world.

Sponsors EEO Specialists along with the Zonta Club of Perth Northern Suburbs and the Birthing Kit Foundation (Australia) were thrilled that so many western suburbs community members rallied to make this possible.

The Birthing Kit Foundation (Australia) is dedicated to improving conditions for women all over the world by providing clean birthing kits the contents of which are now environmentally friendly. Each kit contains soap, plastic sheet, gloves, gauze, cord ties and a sterile blade. The plastic bag and sheets are treated with an organic compound and are biodegradable in microbe rich environments, such as landfill and cost less than a cup of coffee.

[EEO Specialists](#) aim to create safe and respectful workplaces by addressing issues related to sexual harassment, discrimination, and bullying. They offer a range of in-person workshops as well as online courses via its sister organisation – [Online Compliance Training](#).

The [Birthing Kit Foundation \(Australia\)](#) is a humanitarian organisation that provides birthing kits and education in clean birthing practices to women birthing at home in remote regions of the developing world.

[Zonta International](#) is a leading global organisation of individuals working together to *Build a Better World for Women and Girls*.
