FOR IMMEDIATE RELEASE

BIRTHING KITS SAVE LIVES!

It is surprising and unacceptable that over 300,000 women die from pregnancy or childbirth-related complications every year - most of them in developing countries.

The Birthing Kit Foundation (Australia) is dedicated to improving conditions for women all over the world by providing clean birthing kits. Each kit costs less than a cup of coffee, but it provides essential resources to reduce infection and fatalities.

The **Zonta Club of Perth Northern Suburbs**, in conjunction with Sponsor, **EEO Specialists** and **Birthing Kit Foundation (Australia)** are appealing to the public to help them assemble 1000 birthing kits.

Can you spare a few hours to save lives either **Friday afternoon 26 September** or on the morning of **Saturday 27 September**? If so, please register your interest [here](#) or scan this code for catering. Morning tea will be provided.

This event is taking place at **All Saints Uniting Church Hall, 50 Berkeley Crescent Floreat.**

[EEO Specialists](#) aim to create safe and respectful workplaces by addressing issues related to sexual harassment, discrimination, and bullying. They offer a range of in-person workshops as well as online courses via its sister organisation – [Online Compliance Training](#).

Zonta International is a leading global organisation of professionals working together to build a better world for women and girls.

The Birthing Kit Foundation (Australia) is a humanitarian organisation that provides birthing kits and education in clean birthing practices to women birthing at home in remote regions of the developing world.
